# INTRODUCTION

## COMFORT ELEVATORS & ESCALATORS

---

**COMFORT ELEVATORS CO. W.L.L.** established in 2009 started with Annual Maintenance of Elevators and Escalators regardless of its make. On next step, company undertook renovation of Elevators including cabin renovations, controller replacement, two speeds to VVVF conversion and replacement of car and landing operating panels. Now the company has grown up to the level of installing new lifts of Fuji Brand in association with GCC and Middle Eastern Agent of Fuji Japan Elevators and Escalators on a Joint Venture Basis wherein we are the appointed dealers of Fuji Japan Elevators. At present we have 5,000 equipments (both elevators & escalators) under us annually

**COMFORT ELEVATORS & ESCALATORS CO. W.L.L.**, operating in the state of Qatar as an independent legal entity, we have authentic professional technical knowledge through our work force recruited from India, Sri Lanka, Philippines and most of our workers have working experience in Mitsubishi, Otis, Schindler, Fujitech, Kone, etc. Apart from our own brand, we undertake Contract Installation from various clients.

**COMFORT ELEVATORS & ESCALATORS CO. W.L.L.** is a Qatar based Elevator Service, Repair, Modernization and Installation Company operating as an independent legal entity and built on integrity, reliability, multifaceted expertise and personal service. To this day, Comfort Elevators have worked with a steadfast commitment to offer the best personalized service at reasonable prices without sacrificing the quality and will continue to do so in the future as well.

Uncommon in the elevator service trade, Comfort Elevators does not restrict its repair and service expertise to only a few major elevator manufacturers. Rather, the elevator mechanics that we employ are proficient in troubleshooting and servicing of different brands which includes Otis, Mitsubishi, Kone, Fuji, BLT, Werthiem, LG, Jo, Schindler, Mashiba, ThyssenKrupp and many more. Likewise, Comfort Elevator mechanics are able to service and repair all types of traction and hydraulic elevators.

We make sure that all our customers receive the finest elevator service experience. Sophisticated enough to compete with other companies, we have built our business by staffing only experienced professionals and utilizing cut-edge technologies.

Operating since 2009, our unique formula for success includes giving elevator technicians the freedom to be creative in solving a customer's problem, installing money-saving non-proprietary equipment, computerizing our inventory to keep elevator downtimes to the minimum, ensuring personalized attention to all our valued clients in a timely and systematic manner and many more.

## Your satisfaction and the safety of your elevators is our top priority

We will ensure that your elevators are in top working condition so you don't have to worry about it..!!

## Preventive maintenance means fewer breakdowns and emergency repairs

Our goal is to prevent problems before they occur...and before they turn into a major expense.

## We service any manufacturer's equipment

No matter what brand elevator you currently own, our team of skilled technicians have the know-how to keep it running efficiently. We have the perfect Preventive Elevator Maintenance Program for you.

## We have a Service Plan to fit your budget

We provide quality components and expert services at very competitive price. We will work with you to develop a Maintenance/Service Plan that fits yours operating budget.

## We are there for you...24 Hours a Day, 365 Days Year

Under our Preventive Elevator Maintenance Program, if a problem should occur, help is just a phone call away. Our telephones are answered by real people in real time all the time. We have on-call technicians who are equipped with an extensive spare parts inventory for quick response.

At Comfort Elevators, we work as a team to provide you with the best possible service; from the person who answers the call to the on-call maintenance technicians who follow up. Our staff is experienced with old and new technology and can successfully diagnose and correct problems to quickly restore elevator operation and safety.

## NEW INSTALLATION & LIFT MAINTENANCE

we point out some of the characteristic features of company upon which we build our reputation and we always believe that service industry is not always about competitive price, but, mostly on the competitive service standards:

- We have a wide collection of various spare parts for all kind of elevators
- In case of an emergency, our team will be at your site immediately
- COMFORT ELEVATORS CO. W.L.L is just a phone call away from you
- Our round the clock service is not just a promise – it is an initiative

As a part of our committed strategy towards achieving valuable services to all our clients, it is imperative that we have to up-keep enough stock of spare parts and we can proudly claim that we maintain a large amount of stock of spare parts in our inventory to facilitate smooth operation of all our maintenance and repair jobs including modernization. The support of Professional Technicians have been always our main asset at our disposal and we always try our level best to ensure that personalized attention is extended to all our valued clients in a timely and systematic manner.

## INSTALLATION & MODERNIZATION

Having acquired extensive experience in Installation as well as Modernization, we will be out in the market to concentrate in this area to ensure that our clients receive multi-faceted services. Our senior staff visited so many manufacturing companies worldwide and selected best available brands such as Orion (experts in Traction Elevators) , Moris Italia (experts in Hydraulic Elevators) and according to our suggestion, our suppliers are supplying the best available machines such as Alberto Sassi, Montanary Orona, Nova MGT etc.

Our professional and experienced staff will endeavor to ensure that both Installation and Modernization jobs are carried out efficiently and our prices will definitely find convincingly competitive.
